DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on 08-12-04 has been entered.
2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The reference submitted by applicant by the Information Disclosure Statement filed 08-12-04 appears to relate to the same metal nanoparticle sandwich structure as that which is claimed by the instant application, and appears to have been published more than one year prior to applicant's filing of the instant application. The submitted reference, however, is non-enabling with respect to the fabrication or use of the particle structure, and therefore is ineffective as prior art against the instant claims.
3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jeffrey R. Snay whose telephone number is (571) 272-1264. The examiner can normally be reached on Mon-Fri.
